

Circus City Gymnastics is

MOVING...

To a new Location

Same Great program
Bigger and Better

Our brand-new facility will be located downtown.

Our facility will bring inground pits, some new equipment, a bigger gym to allow for more class offerings, new class types, as well as our great and experienced staff.

Please make sure to follow our Facebook page [Circus City Gymnastics](#) for updates on our new facility and reopening date.

We will be reopening Fall of 2024. We want to thank the YMCA for running this program for the last few decades and appreciate Peru Schools for hosting us the last few years. This has always been an affordable program through the YMCA, and we plan to keep it affordable, however with the transition, program pricing is expected to increase.
